## “9 – 11”: The spiritual Destiny of America and Ethiopia

### I. Executive Summary:

On 5/18/2012 the spirit of the Lord descended on earth and asserted its intent among the council of people who gathered in the Reagan Building, Washington D.C., to deconstruct the tower of “Babel” that was in the pipeline for construction with the concept of Food Security attended by the G-20 meeting that involves Ethiopia and Ghana. The spirit of Goliath and David was on display in the room. The spirit of bread was assaulted by the spirit of “GEEZ” (freedom). After 42 days, on 6/29/2012, the voice of the Lord whispered on the face of America through a violent wind to signal the destiny of the land. In the process the Lord revealed the law of “Midiam” (ምድያም) pertinent to the rise of queen of Azeb. In other words, the land of America has become the opportune land destined to reveal the Queen of Azeb in the mystery of the 42<sup>nd</sup> degree. The queen is an Ethiopian spirit by destiny receiving the Oath (መሐላ) of crown in the spirit of (Geez, coded - ሐመለ- ሀመለ- ኅመለ፡፡ 1-3-20//9:7:26) in the land of Ethiopia. The ascension of the true queen of Azeb was the act of the Lord that involved the 42<sup>nd</sup> degree marking the fulfillment of the law of judgment coded all along in the name of the Lord: “9//11”=ሥም//ስም. As the spirit of the world for its last breath in the spirit of MAYA (12-21), the law of “ABBA” was at work, when the spirit of the world twitted and gasped, “It is finished,” fulfilling the law of the 59<sup>th</sup> degree in the spirit of SELEKE (mobile phone) and 42<sup>nd</sup> degree in fulfillment of the law of 999/666. In tracking each soul through the blood that flows in its vein and the air it breathes in the lung, both the spirit of the light and the spirit of darkness are tapping the astronomical symbolism:  $\{59 \times 260\} = \{42 \times 365 \frac{1}{4}\}$  to fight it out for claiming the throne on the “end-of-time” drama. In fulfilling the marriage of covenants of Israel with Ethiopia, the Meton principle of the 44<sup>th</sup> degree is in order where the qamar states,  $235 = (12 \times 12) + (7 \times 13)$ . The consummation of the spiritual marriage that has been displayed on the 4 corners of the spiritual compass resulted in the fulfillment of the cosmic principle of METON (a Grecian), with the

land of America chosen by destiny to fulfill the role of hosting the spirit of the Queen of Azeb from the land of Ethiopia as the queen ascends to judge the generation. The law of the Meton was fulfilled with the nation celebrating completing its cosmic cycle while finishing its project on the spirit of the world marked on July 4, 2012 covering a span of 235 years (7/4/1776 – 7/4/2012). In the fulfillment of the destiny of the Land, the Lord asserted his power in the spirit of “1:3:20”. The Lord left unmistakable mark on 8/25/2012 where the symbologist Lagdon was once roaming around to find the mystery of the Lost Symbol. The famous symbologist who dared to chase the Lost Symbol might have read what was inscribed on the giant monument. Lagdon has to help us why the message was packed in the combination of [25,19]. If he can decode Davinci Code, he may help us know why the law of 360 degree was at work in the law of the wind, I mean the spirit. But then again Lagdon was just a fiction? Or was he? “Let the show begins, as Miss Doubtfire would like to say.” Only a soul that is proficient in heavenly Geez would decode this mystery that in fact the fate of the United States in the 44<sup>th</sup> degree is the “Temen” (ተመን=44) of life that is coded through the mystery of Adam and Hewan at the beginning of time to become the working model in discerning the mystery of Zion where the lamb would be worshipped as he should be by all living souls. The rise of queen Azeb is as irreversible as the rise of the Sun in the East. Judgment Day has just been that a “daily affair of mankind for a while. When the 20<sup>th</sup> of August 2012 marked the death of the king of “peace” (13), the honorable Prime Minsiter Melesse Zenawi, it was the end of the world in spiritual order as it should for the new “9-11” to begin in Ethiopia.

**This is the mystery of the “end-of time” that Ethiopia would market as a spiritual bread to the world.**

## **II. The 42<sup>nd</sup> degree in 12:42 in the spirit of 120 (12:36:72):**

**On June 29, 2012:** A violent spiritual wind passed on the face of the Earth, revealing the intent of the Lord to mark the queen with blood in the spirit of cosmic awareness (100), touching base with the capital of the United States of America (100), blowing from South to North, marking the 42<sup>nd</sup> degree of Judgment DAY to announce the rise of Queen of

Azeb (or Queen of the South) as mentioned in Matthew 12:42 to unveil the destiny of the land.

Just 42 days earlier,

**On May 18, 2012:** A journalist shouted “freedom/freedom/freedom” while a conference called by President Barrack Obama was in session in Regan building filing complaint against the Ethiopian Prime Minister, the Honorable Melese Zenawi who has been the darling of the world leaders for exhibiting Ethiopia on the path of economic growth as the spirit of the world dictates. The spirit of the complaint was heard in the heavens saying “GEEZ, GEEZ, GEEZ.”

In this theatre that involved the heavens and the earth, the 42<sup>nd</sup> degree of the spirit of Azeb was revealed. The fate of the mysterious spiritual queen of AZEB was beginning to unfold and manifest in physical terms: This is in line with the 42<sup>nd</sup> degree count we find in Matthew (1:1-18) that refers the genealogical count to account the birth of the Lord Jesus Christ. This number also surfaces in Revelation 12:6 in relation to the woman. The beast would also be ruling for 42 months: power was given unto him to continue forty and two months.” (Rev. 13:5). In the life the spirit the 42<sup>nd</sup> degree refer the personification of a spirit at its epic point.

#### A. The 42<sup>nd</sup> degree as the four corners of judgment

Whereas the immediate factoring of fate would refer the case to the house of Abraham, this 42<sup>nd</sup> degree ruling has also taken universal form with prisms that takes four different forms as given on Table 1:

Table 1 – the 42<sup>nd</sup> degree

42 <sup>nd</sup> degree forms	Covenant	Quadrant	Ruling
1 X 42	Covenant of Name of God	Quadrant I	The spirit that undermines the name of God: “Lion of Judah” (Ethiopia); “Lost Symbol”(Lagdon-8/25/11 and

			12/19/2003 E.C.)
2 X 21	Covenant of Ethiopia	Quadrant II	The spirit of the Beast persecuting the woman. The prime Minister of Ethiopia and the head of the Ethiopian Orthodox Church has been called by the Lord in the spirit of the divine 40 <sup>th</sup> degree (ኀሐሐ) ነሐሴ - ፍልሰታ after ruling for 21 years. (John 18:14)
3X 14	Covenant of Abraham	Quadrant III	The spirit that persecutes the poor in spirit: the journey of righteousness: symbolized the spiritual Egypt (Jacob 14 years); the mother of the Lord experienced it for 1260 days0
6 X 7	Covenant of Zion	Quadrant IV	The spirit of pride in Church: coded “ABBA” (12-21): This is in reference to the church of Rome and Ethiopia

Thus, we have four prisms through which we discern wisdom about judgment day knowing that the 42<sup>nd</sup> degree is the scale we use to measure all souls since this spiritual number lies at the epic center of the eternal salvation plan, i.e. the Lord Jesus Christ is the 42<sup>nd</sup> in line in the house of Abraham who came to redeem the world with his blood.

Actually, in the motion of the soul in praising the Lord by calling his name we symbolize the 14<sup>th</sup> degree as the motion of the light of God that is revealed in two degrees: the motion of

light as wisdom in the Old Testament and the motion of spiritual light as word of God. This is the two forms of Aleph : Asmate Alefe (አስማተ አሌፍ) and Subae Alef (ሱባዔ አሌፍ) represented by the Geez symbol: “አ” and “ዐ.” The 7<sup>th</sup> degree derivative formation to show the motion of light would then be written as given on Table 2.

Table 2 – THE 14<sup>TH</sup> DEGREE OF SPIRITUAL LIGHT

አ	እ	ኤ	ኣ	ኢ	ኡ	አ	ዐ	ዐ	ዒ	ዓ	ዔ	ዕ	የ
280	240	200	160	120	80	40	70	140	210	280	350	420	490

The foundation of these 14<sup>th</sup> degree is the code “2:7” in Genesis defining the way the Lord created the living soul of Adam: “And the LORD God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul.” (Gen. 2:7). The value of the code is 14 (2 X 7). These 14 columns of light represent the “path of righteousness”, which we know has been symbolized in the 14 year service of Jacob. In the order of the trinity as Abram, Issac and Jacob, we complete the spiritual journey as the 42<sup>nd</sup> degree that was of course epitomized in the genealogical counting given in the book of Matthew:

“So all the generations from Abraham to David are fourteen generations; and from David until the carrying away into Babylon are fourteen generations; and from the carrying away into Babylon unto Christ are fourteen generations.” (Matthew 1:17)

We also find this glorified in the heavenly journey of Apostle Paul when he said,

“I knew a man in Christ above fourteen years ago, (whether in the body, I cannot tell; or whether out of the body, I cannot tell: God knoweth;) such an one caught up to the third heaven. (2 Corint. 12:2)

It is this mystery of 42<sup>nd</sup> degree that becomes the foundation for defining the end of time prophecies as given in Revelation 11, 12 and 13.

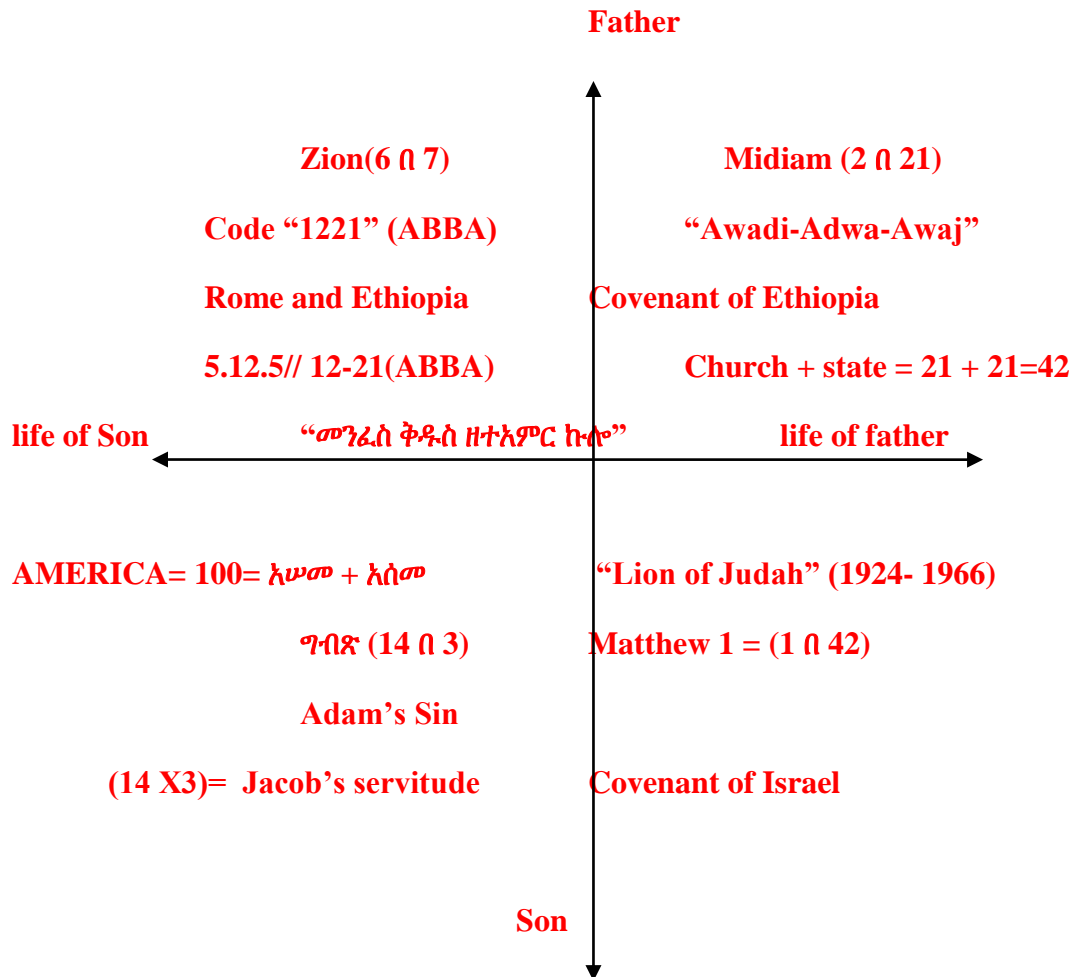

Based on these the four dimensions of the 42<sup>nd</sup> degree judgment day can be explained as :

**TABLE 3 – THE 42<sup>ND</sup> DEGREE JUDGMENT**

42 ዲግሪ	42	42	42	42
Heavenly	1 (name of God)	2 heavenly covenants: (Amos 9:7)	3 (the Father, the son and the Holy spirit one God)  (John 1:1; 1 John 5:7)	7 (the day of rest in God –eternal day)
Earthly	42 Degree genealogical count	21 – Tabot Zion; Geshen Mariam; the mother of light	14 –the path of righteousness	6 – the number of man
Direction of Judgment	Judgment pertinent to the name of God: the law of AEMEREKE (100)-America	Judgment regarding the two covenants: Ethiopia and Israel (AMOS 9:7)	Judgment on each soul: representing path of the prodigal son or the macro Adam	Judgment on the Church– Is the Lord one nature or two nature?

The four corners of judgment day in the 42<sup>nd</sup> degree witnessed by the spirit of the queen of Azeb is given in Diagarm 1.

Diagram.... 1

The detail of this compass will be made clear in due time. As one can tell Judgment is effected in four dimensions to include, (a) judgment on the covenant of Ethiopia, Judgment on the covenant of Israel, Judgment on the fate of the prodigal son as a cosmic principle to elevate Adam to his glory and finally judgment on the fate of the church, as a way to scale the performance of those who receive the hope of salvation or are willing to board the “Ship of Noah”.

## B. The code “9//11”

“Whosoever shall call on the name of the LORD shall be delivered.” (Joel 2:32)

The final trumpet of the so called “end-of-time” was heard coded “9-11”. As much as we try to exhaust all permutations that led to it, we still fail to learn the truth behind it. It is all wrapped up in the mystery of the cliché “JUDGMENT DAY.” But it has never been an idle word. After all, it was the word of the Lord, Jesus Christ. It has been a code given to all mankind with the word “NAME” in a primordial language called Geez: (ሥም//ስም = 9/11). But the mystery behind it is hidden from us since we have long forgotten our roots, the very purpose to which we are called to life in the first place and how we evolve to the time we live even. Man is supposed to praise the name (ሥም//ስም=9/11) of the Lord to earn his eternal bread. The word “name” is written as “ኔም” in Ethiopic with a GEEZ root “ነም”, which is also the root of the word መና(Menna). Whereas the symbolic Mena is what the Lord fed Israel in their journey to Cannan, the true Mena is the eternal bread defined in the form of the blood and flesh of the Lord. It is called “SEGA WADemu” (ሥጋ ወደሙ) in Geez. This was the law of life set in divine terms to reinstitute Adam into his glory. Instead, the children of Adam are like the people in the time of Noah intoxicated with the spirit of the world led by the conniving act of the serpent that lurked (ስልክልክ...ስልክ) into the soul of ADAM in the Garden climaxing its manifestation through the rule of bread, which is the spirit of the world. But the code “9/11” is related with the prophecy in Matthew 12:42 about the queen of Azeb who would be seating with the Nineveh (ነፃ=120) generation for judgment.

## C. The rise of Queen Azeb (100 + 29)

This is the queen the Lord introduced in his discourse about the end of time saying:

“The queen of the south shall rise up in the judgment with this generation, and shall condemn it: for she came from the uttermost parts of the earth to hear the wisdom of Solomon; and, behold, a greater than Solomon is here.” (Mat. 12:42)

The first thing to underline is the fact that the queen is the reincarnated soul of the Queen of Saba. Whatever queen Saba represented so will Queen Azeb. Indeed, the Saba represented the covenant given to the woman in the salvation plan of Adam, which is the covenant designated to Ethiopia, marked on Genesis 2:13 as a spiritual landmark while defined in Psalms in terms of its mission: “Ethiopia shall soon stretch its hands to God.” (Psalms 68:31). The marriage of two covenants (i.e., the covenant of Ethiopia and Israel has been a symbolism of the eternal salvation plan that would be epitomized in the wedding of Zion between the power and wisdom of the Lord, that is Jesus Christ and the Church. (Please refer the four directional map that relates the two covenants in Diagram 2) As one can see in the diagram the marriage of Moses and the Ethiopian woman described in Numbers 12, the relationship of the wise Solomon with Queen Saba, represents the covenants in the Old Testament. The baptism of the Ethiopian Eunuch and the coming of the Queen of the south in Matthew 12:42 are also about the two covenants in the kingdom of God. Let one note that even the baptism of the Lord involved the mystery of the two covenants as we delve into the nature of the priesthood that John the Baptist represented in the process.

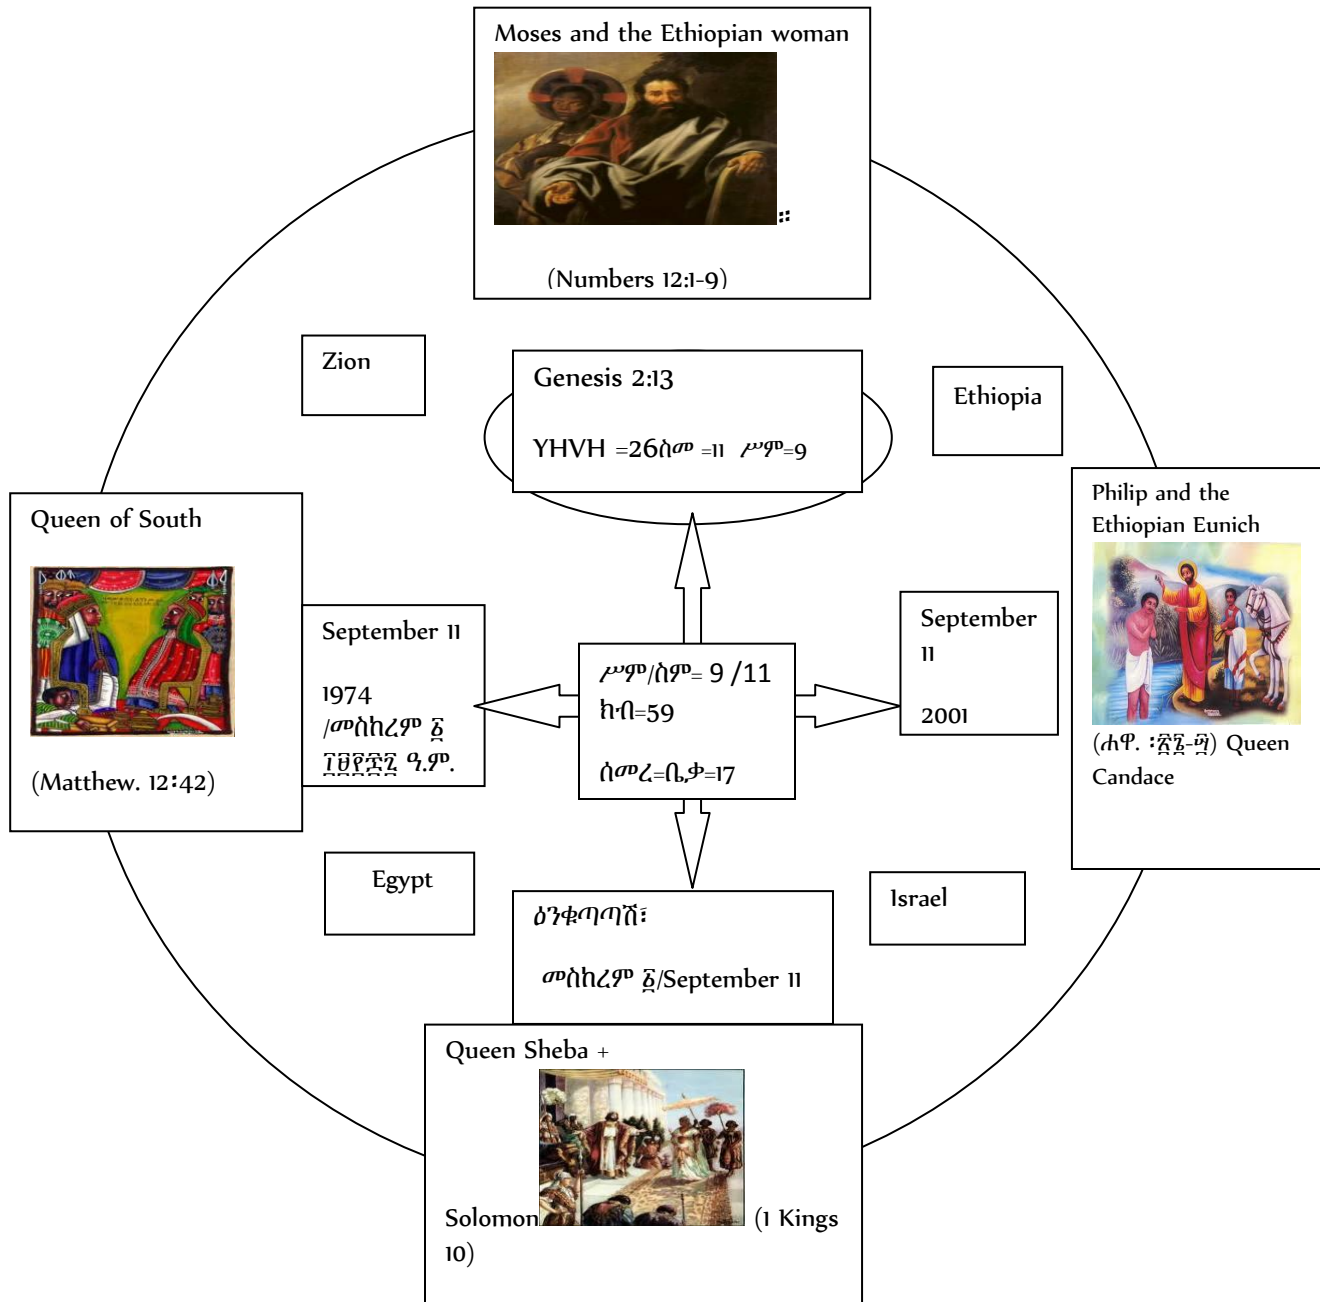

As one can see the Queen of Azeb is designated on the West of the compass, representing the end of time, where the Lord would stand in Mount Sinai to judge the world and Mount Tsion to reign on the kingdom of God and establish peace for the people of God.

Let the reader note the value of the people of “Ninevh”(ነፄ) in the rising of queen Azeb. The people of Nineveh were known for their extending their hands to God to get his mercy: “because they repented at the preaching of Jonas” (Mat. 12:41). In Geez the name Nineveh represents the qamar 120 (ካ=30፣ ካ=30፣ ወ=60፣ ድምር=120), which symbolizes the “family of the Lord” in the kingdom of God. The 120 represents the 72 fathers, the 36 helpers and the 12 apostles. We see the symbolism of “120” mentioned in the story of the Queen Saba took to Solomon:

Then she gave the king one hundred and twenty talents of gold, “Then she gave the king one hundred and twenty talents of gold.” (1 King 10:10).

But the “family of the Lord” as represented in the symbolism of 120 is in fact the Church. It is this spiritual entity that is represented by Ethiopia in the enigmatic relationship with Israel that has been exhibited in the spiritual journey of Adam as shown in the compass given in Diagram 2.

Diagram 2 - The spiritual destiny of Ethiopia and Israel on compass

When we discern wisdom about the mystery behind “**the queen of Azeb**” who has already revealed her ruling for the world to see, then we will be able to deal with our fate as we are the generation the Lord marked to signal as the time saying:

“An evil and adulterous generation seeketh after a sign; and there shall no sign be given to it, but the sign of the prophet Jonas: For as Jonas was three days and three nights in the whale's belly; so shall the Son of man be three days and three nights in the heart of the earth. The men of Nineveh shall rise in judgment with this generation, and shall condemn it: because they repented at the preaching of Jonas; and, behold, a greater than Jonas is here. The queen of the south shall rise up in the judgment with this generation, and shall condemn it: for she came from the uttermost parts of the earth to hear the wisdom of Solomon; and, behold, a greater than Solomon is here.” (Matthew 12:39-42).

The spirit of the queen of Azeb is already enveloping the world and her judgment is being reckoned with in the day to day life of man. The two epic moments in the rise of Queen Azeb are:

- (a) the 42<sup>nd</sup> degree revelation pertinent to the rise of Queen Azeb involves two days
  - a. the drama in Regan Building during an international conference of the G-20 World leaders assembly that involves two Ethiopians
  - b. the violent wind on 6/29/2012 that crossed the capital of the United States heading from Indiana to New Jersey

With the two day spiritual mystery something monumental happened: the First Lady of Ethiopia with the name “AZEB” was fated to leave the scene of power and glory setting the stage for the spiritual queen of Azeb to rise with the people of Ninevah and take her place in the kingdom of God to judge on the generation. The list of 42<sup>nd</sup> degree judgment practices by the queen are given on Table 3 above

The question would be how would we know that we are this particular generation that is being weighed on the scale of judgment by queen of Azeb? We just have to wake up from the slumber and see around us. The signs abound and the computations of prophecies are right on target with no estimation error since God’s word has never been about statistical sampling. It is his word and it has never erred. Yes, cosmic events are enveloping mankind and the modern man

is still in a slumber. The threat of extinction is looming on everyone’s lot. From the darkest moment of our time, 9/11/2001, to the unspeakable shootings of innocent lives in Newtown, Connecticut, we lack proper binocular to understand the magnitude of evil in the work. As much as the reasoning power of man has exhausted infinite possibilities to explain all these horrendous acts and all the “weird” things happening around us including the breakdown of family and the so called climate change, there is one monumental power that is not seriously taken, that is the spirit of the Beast (አውሬ፣ አወረ፣ አወራ - ዜነወ፣ ዜና፣ ወሬ), referred with a popular number 666 in Revelation. Regardless of how we would like to define it, it is high time that man deals with it sooner than later, knowing that this spirit has put “**clear and present**” danger on the human race at large.

#### D. “9-11” - the code of Judgment day

Here is the most glaring evidence we can give about judgment day: the 42<sup>nd</sup> month ruling of the beast has been counted and the prophecy in Rev. 13:5 is fulfilled in turn of events that would affect everyone on the globe. The cosmic spirit of darkness was in power, in fulfillment of the 42<sup>nd</sup> degree ruling, when the world was enveloped with the spirit of fear personified in Osama Bin Laden. Osama’s spirit reigned from 9/11/2001 to 5/2/2011. He carried the spirit of vengeance, marked with the 100<sup>th</sup> degree (አስመ (51) + አሠመ(49) in the negative to match the 100<sup>th</sup> degree of AMEREKE (አመረክ). Let the reader note that that factor out the Geez letter in both ways of writing the name in Geez and we will remain with the Geez construct (ሠመ(9) + ሰመ (11). Yes, in the name of Mr. Osama was his destiny, 9/11. He was chosen by the spirit of the world to be the offering mimicking the Lord’s calendar that matches the 10<sup>th</sup> day of the 7<sup>th</sup> month counting from the 1<sup>st</sup> of September as the first day of the natural calendar year:

“The tenth day of this seventh month is the Day of Atonement. Hold a sacred assembly and deny yourselves,<sup>[d]</sup> and present a food offering to the LORD.” (Lev. 23:26)

Let the reader also note that Mr. Bin Laden was born on March 10, 1957. The total time covered by the macro spirit of fear that was attached with Osama’s name took a spiritual 42 month time in three dimensions.

$$\begin{aligned} 42 \text{ month of the spirit of fear in AMEREKE} &= [9/11/01 - 5/2/11] / 3 \\ &= 127 \text{ months} / 3 = 42 \end{aligned}$$

This is the 42<sup>nd</sup> degree mentioned in the end of time prophecies:

And there was given unto him a mouth speaking great things and blasphemies; and power was given unto him to continue forty and two months. (Rev. 13:5)

#### E. Judgment on the covenant of “Lion of Judah”

Along with this story, we would be looking into the dynamics in the seat of David, when we factor in the case of a king in the land of Azeb, who called himself “Lion of Judah” a description given to the Lord Jesus Christ in Revelation 5:5. His ruling was also 42 years. Whereas the ruling of the Ethiopian emperor, with the majesty of the office, was cut off on 9/11/1974, the ruling of the spirit of fear at the end of time began on 9/11/2001. Both were coded “9-11”. The first ruling of “9-11” was on the covenants of Israel and Ethiopia; the incident in the land of America was the Judgment call on the house of Abraham, related with the covenant the Lord has with the house of Ishmael and Isaac. Both incidents were linked by one important factor, the “name” through which the Lord creates, sustains and transforms the world. Even more puzzling is the fact that both cosmic events involve the two covenant of the salvation plan, Israel and Ethiopia (Amos 9:7). In the transformational event of 9/11/1974, the king who was in power assuming the “Lion of Judah” was deposed. The “Lion of Judah” mark was for the Lord Jesus Christ, who is Jewish by blood and the spiritual Israel as “the Power and wisdom of God.” But the soul that was in the middle of the drama was an Ethiopian by destiny. The covenant given to Israel through David found its settlement in a land that is meant to be the permanent exhibition

(what Henry Matthew called the house of prayer of the Lord) of the covenant of the Lord for Adam. This name of the Lord in Geez coded 9-11.

It is also important to note the Enoch based calendar of Ethiopia marks the New Year as (Meskerem 1) or 9-11 in Latin terms. The first day of the New Year in Ethiopian calendar is called after John the Baptist, who was chosen by the Holy Spirit to baptize the Lord for the sake of righteousness. In a way, John was the senior priest of all children of women reckoned by the Lord for his priestly work:

“Among those that are born of women there is not a greater prophet than John the Baptist: but he that is least in the kingdom of God is greater than he.

Here the Lord is speaking in terms of the two covenants: the covenant of Israel (wisdom and power) held by the Lord and the covenant of the woman held by the “family of the Lord”, representing the church in the kingdom of God. The priesthood of John represents the priesthood of the Church, in the line of Melechezedik, separate and distinct from the priesthood of the Levites. Of course, in the kingdom of God the Lord holds the office of the High priest thus combining the priesthood of Melechezedek (the priest of Midiam) and Aaron, the Leviathan priest. When the Lord assigns the title “not a greater prophet than John the Baptist” he is referring the unique position that John holds as a “priest” designated to baptize the Lord. Whereas the blood line of John is from the family of Elizabeth who is also the cousin of Virgin Mary, in the construct of the kingdom of God this blood line is transcended by the “family of the Lord” in the spirit of the church in the kingdom of God. But the covenant of the Church is clearly designated to Ethiopia when the Holy Spirit chose Philip to baptize the Ethiopian Eunuch.

**F. The law of the Solomon Net: [59 X 260] = [42 X 365 ¼].**

The power of the 42<sup>nd</sup> degree (be it Mat. 1 or Rev. 13:5) in the life of each soul is given by a spiritual formula: [59 X 260] = [42 X 365 ¼]. This is the web of Water and Blood equated in the spiritual realm to track every soul of Adam. In common astronomical parlance, this is a simple equivalence of two quantities referring two calendar systems. In the eye of the astronomer this equation compares the “MAYA” calendar [59 X 260] with the tropical calendar [42 X 365 ¼], showing arithmetic equivalence in two counting paradigms of the motion of planetary systems.

While the astronomical equivalence is an outer manifestation, the same equation is a foundational spiritual accounting of the eternal salvation plan. In the spiritual realm the Qamar – computation - [59 X 260] is about a covenant that the Lord entered with Abraham given to Abram indexed 59,(ክ=40፣ ቡ=9፣ ረ=6፣ መ=4 total=59) as computed in GEEZ, while the expression in the left deals with the fulfillment of the prophecy in the birth of the Lord Jesus Christ as the 42<sup>nd</sup> degree in the genealogical count of Abram. The “260” spiritual index reflects the 10 commandments to be followed given in the name of God “YHVH,” with a gamatria value of 26 (Y=10, H=5, V=6, H=5, total=26). On the same token the spiritual index (365 ¼) is an Enochian design on spiritual planetary motions. Refer the Book of Enoch for raw information on his reading of the heavens. Enoch 21:54 relates the Lord with the Sun. The spiritual value of this index is to serve as the symbol of eternal life (offered by the Lord to those who believe in his name), which comprises the mystery of the name of God “360” (in GEEZ), the 4 stars that leads each of the three month seasons. The “new one day” every year and once in four year as leap year is coded in the index as “one day” and “one-fourth”. Thus, the “365 ¼ is a composite spiritual information containing (360 +4 + 1 + ¼) .The full interpretation of this design of the motion of life is the history of Adam and it is not warranted here.

However, **one can safely note that the cosmic equation {59 X 260} = [42 X 365 ¼] is the synthesis Qamar of the covenant given to Abram matched with the covenant fulfilled with the salvation plan through the coming of the Lord born of the woman under the law.**

**(Gal.4:4).** This equation tracks each soul with the air he/she breathes and the blood that is flowing in each person’s vein. This equation dictates the living soul to note that the witnesses to the end of time ruling and hence the work of the Lord would be water, blood and the spirit. (1 John 5:7). The word MAYA, which is the calendar system of count as expressed in the left, rhymes with the Geez word (ማየ) to mean water. The second portion 42<sup>nd</sup> degree refers blood since the relationship of Abram and Jesus is one of blood. The combination of the water and blood factor gives the tracking mode of the spirit to govern all souls at the end of time. Thus, this equation is the law of the spirit to govern all souls in the visible and the invisible through the breath system (air) and through the blood. These two are about the modality that the spirit tracks each soul. But each spirit could be the spirit of the light or the spirit of the darkness.

The cosmic application of the fulfillment of this equation as a proof of end of time was made crystal clear when the spiritual system modeled Adam and Eve in the spirit of President Clinton and Mrs. Hillary Clinton, coded “9-11” (ቢል-ሄለሪ) who happen to be on the throne of the United States Government as the millennium winded down in 2000 according to the Gregorian calendar. The two prototype souls have been chosen to model the relationship of husband and wife in the spirit of Adam and Eve. As it has now become part of the spiritual portfolio of Adam and his descendants, the power of “self-will” was judged when the 42<sup>nd</sup> degree of the queen of Azeb. The outward signal was the number “42<sup>nd</sup>” in the President’s title. The president of the United States was judged by the world court of opinion and the formal channel of the Union’s protocol through impeachment trial framed on the law of the land. In the spiritual realm, the trial of the Clintons’ soul was the trial of the spirit of “self will” which the serpent tapped to misguide Adam through Eve.

The soul chosen for this amazing spiritual destiny was coded “9/11” (Hillary/Bill= ሄለሪ/ቢል) through the qamar of name in Geez, the light of the word, through which the Lord tracks all souls. Let one note that as the calendar count of year 2000 finished in terms of the Gregorian calendar, so did the year of ruling for the 42<sup>nd</sup> President of the land, Bill Clinton. In the impeachment trial, the spirit of self will of Adam was being tested on the meaning of “IS”. The impeachment of President Clinton mirror imaged the trial of the macro self will that was lulled into disobedience

by questioning the spirit of the law of the Garden dictated by the Lord. In the act of judgment we find the “slicklik”(ሰልክልክ) act of the will of man – the waving motion of the serpent. The impeachment trial was thus the final act of the Lord to manifest the crucifying of “self-will” that drove out Adam from the Garden in the first place. Let the reader note that the soul of President Clinton was put on the impeachment trial carrying with it the spirit of the SELEK (59), which refers the tapping of the telephone discussion between Monica Lewinsky and Linda Tripp.

But this was just one incident where we see the way the spirit of the serpent has been trying to slick into the heart of people through the 59<sup>th</sup> degree that take the form of the modern gadget, telephone. It is important to note how the power of telephone is accelerating modern civilization while, at the same time, without overlooking the power of the spirit of the world to expand its control on the children of Adam. The wikileak case related to Asanage, the case of General Patreaus, the life of Tiger Wood and that of the New Jersey Congressman are among the few cases to see how the spirit of the 59<sup>th</sup> degree is working to control the world with fear, make every soul surrender and make the spirit of the world triumph opposing the kingdom of God. The author of this note himself was tracked by the Solomon Net through the medium of the 59<sup>th</sup> degree succumbing to the power of the beast for 7 days in “sheol” to serve one’s due in the 6<sup>th</sup> degree thus meeting the 42<sup>nd</sup> law of the beast. This is all because the code “59” was revealed on the net of Solomon, {59 X 260} = [42 X 365 ¼]}. As much as this spiritual equivalence is the fulfillment of the promise given to Adam modeled after Abraham’s promise that was fulfilled through the Lord Jesus Christ, we also discern wisdom here that even the AntiChrist is also tapping the same model to track each soul that would succumb to the design of the beast. The 59<sup>th</sup> degree is the most potent power the beast at this point in human destiny. Let the reader note that the natural name of Abram (59) is a reflection of Abram before he was consecrated for the Lord’s work, thus referring idol worship.

## G. Judgment on Ethiopia

The measure of the 42<sup>nd</sup> degree has been fulfilled to bring the end of the world both in the heavens and earth. When the Lord brought the house of David on the scene of judgment, finishing the rule of HaileSELLASSIE I, the ruling was to declare the value of the name of the Lord, “the Lion of Judah.” The ruling brought an end to the fleshly drive attached to the pure nature of the name of the Lord. The covenant of Ethiopia about the land as the indwelling place of the Lord in the spirit of Zion was reinstalled by the Lord combining the ruling of the Church and the seat of David in the order of 42 (21 + 21) to restore the honor and covenant of Ethiopia. The 42<sup>nd</sup> degree ruling was counted on the fate of Ethiopia when the 42 year spiritual count was fulfilled with two leaders of the nation being called to a spiritual summit on the fate of Ethiopia on the same week in August 2012. (The fasting season of the Virgin Mary called FELESETA was in order). Both the patriarch of the Ethiopian Orthodox Tewahido Church, his holiness Patriarch Paulos and the honorable prime minister Meles Zenawi ruled for 21 years each totaling 42 years in spiritual count of the covenant.

The judgment calendar of the Queen of Azeb was revealed beginning in the Regan building, on May 18, 2012, when a journalist by the name ABEBE (አበበ) shouted at the Ethiopian Prime Minister Melese Zenawi saying “freedom, freedom, freedom” which means “GEEZ/GEEZ/GEEZ”.

Finally, the queen of Azeb (both the worldly and the spiritual) was revealed to the world stage in relation to the land of Ethiopia. Let the reader note that the name of the Ethiopian First Lady፣ the wife of Prime Minister Melesse Zenawi, was “First Lady AZEB” (ቀዳማዊት እመቤት አዜብ) as the country celebrated the end of time called “Millennium” impregnated with the expectations of the end of time. But she represented the spirit of the world since the man to whom she was married was nick named “Lenin” for his fervor to pursue the ideology of Marx, Engles and Lenin, which he brought to fruition being the leader of Marxist Leninist League of Tigray (MLLT). In line with Hegelian thought, the spirit of Marx denied the power of the Lord asserting with confidence that, “religion is opium to the masses.” It was this spirit that glorifies the earthly

bread crucifying the soul of Ethiopia on judgment scale in the last 20 years. The Lord signaled his coming to dethrone the prince of the world which glorified “bread” by identifying the true spiritual AZEB, when he showed his face on June 29 through the wind of the south that hit the Eastern United States. The message of the 29<sup>th</sup> degree was actually about the ruling of the “TABOT” (Ark of the Covenant) of Zion, which is the reign of the queen of the spiritual Azeb. The nature of the wind and the message that it carried was calculated in the 42<sup>nd</sup> degree (the count between the two days was 42 – 5/18/2012 to 6/29/2012) that had to do with the spirit of the “TABOT”, the mystery in Axum Zion that is replicated in all Ethiopian Orthodox Tewahido Churches. One would be better informed to know that the government led by Prime Minister Melesse Zenawi came to power as a Marxist regime while using the stamp of Axum Zion, that glorified the Lord, as its seal of the government, albeit the fact that the central thesis of Marxism denies the existence of a supreme deity, including the foundation of Zion, which is the power of “Tewahido”. But the power of Tabot-Zion was at work to reinstitute its glory in the land.

Here, we will benefit to know the Qamar of Tabot to understand the nature of judgment effected in relation to the fate of Ethiopia. The word TABOT is valued as “29” in Geez qamar, (ተ=10፤ ብ=9፤ ተ=10). Through the 29<sup>th</sup> degree the ruling was given on the fate of the spirit of the serpent. Thus, the intent of the Lord was revealed marked “29”, which is also date in the 4<sup>th</sup> month to celebrate the birth of the Lord in the count of the Ethiopian Calendar of the church. Let the reader note that the Annunciation (the good news told by Angel Gabriel as told in Luke 1:26-39) and the birth of the Lord happened on the same marking, i.e., the 29<sup>th</sup> degree, Megabit 29 (April 7) and Tahessas 29 (January 7) respectively. We will see the power of the 29<sup>th</sup> degree when we meditate on the power of the spirit on May 18 which had to do with the “word” that the serpent uses in conquering the heart of Adam, through the argument glorified in the conference at the time. The word serpent is written as “እባብ” in Amharic. When we say the serpent was judged on this fateful day, we are indicating that the spirit of the devil that connived Eve was working through people in the meeting. We should make a distinction between the person and the spirit. It is like a vector and a virus that the vector carries. Man is the vector of a spirit working in him. Thus, we are here alluding to an argument that the spirit of bread that underlies

the meeting in Regan Building was loaded with the spirit of the world. Here is how the spirit of the serpent was judged on that fateful day weighing on the destiny of Ethiopia and the world at large.

The spirit of bread and the spirit of GEEZ (freedom) were at war revealed in the field of ideas in Regan Building on May 18, 2012. The spirit of freedom spoke through an Ethiopian soul who claim representing the freedom spirit of Ethiopia; “አበበ”. Another Ethiopian soul was making the case of “the spirit of bread for Ethiopia” and “the poor in Africa” tapping the Prime Minister of Ethiopia as its agent on “food security.” It was “the spirit of bread for Ethiopia” (food security) represented by Prime Minister Melese Zenawi that was countered by “the spirit of freedom for Ethiopia” (Geez). The timing of the ruling of judgment was known only by the heavenly father, “አባባ” in Amharic. The Lord intertwined the fate of the two Ethiopians on two occasions both representing the spirit of “better Ethiopia” in the destiny of Ethiopia. But the fate of Ethiopia was in the hands of the Lord: “Ethiopia soon stretches its hands to God.” (Psalm 68:31). Thus, the ruling on the spirit of the bread was given on May 18, through the 29<sup>th</sup> degree both in heaven and earth, which is 58, (አ=40, በ=9, በ=9, total= 58). The 58<sup>th</sup> degree can also be interpreted to mean the TABOT in heaven and the TABOT on earth, thus two TABOTs, counting 58 (29X2). The ruling in Regan building on the spirit of the world was the reflection of the war on the spirit and the flesh:

“For the flesh lusteth against the Spirit, and the Spirit against the flesh: and these are contrary the one to the other: so that ye cannot do the things that ye would.” (Galatians 5:23)

Thus, the drama in Regan building involved the timing of the heavenly father (አባባ) , the “Nebabit” (አበበ) or word of a speaker executed to judge the spirit of bread the governs the meeting, which is the serpent (አባብ). We can equate these three as,

Timing of the father = the spirit of the serpent to rule through bread = ruling of the spirit of Geez (freedom)

ABABA (አባባ) = spirit of bread EBAB (አባብ) = ruling of the word (ABEBE-አበበ )

The three Amharic words would converge in their Geez roots thus flowing back to the three Geez letters “አ-በ-ብ”.

58<sup>th</sup> degree = 58<sup>th</sup> degree = 58<sup>th</sup> degree

This 58<sup>th</sup> degree is the ruling the spirit of the Tabot (29) of Zion both in heaven and on earth, the Ark in the heaven (Revelation 11:19) and the ark on Earth (Ex. 25:10-22). The Tabot of Zion represents the covenant both in heaven and earth. Actually the 29<sup>th</sup> of June is the marking point of this queen who pursued wisdom to be the witness to the new generation. The day the wind of Azeb hit the land of AMERICA (where the law of 100 would be revealed), the true AZEB marked the land with her blood.

This day 29<sup>th</sup> June was the 42<sup>nd</sup> degree marking since the spirit of the serpent was judged in Regan Building:

The spirit of bread was judged on world stage = May 18, 2012

The 42<sup>nd</sup> degree marking = June 29, 2012

Total count of days = 42<sup>nd</sup> day Count for Judgment day

Let the reader note the matching of cosmic counting between the day the EPDRF government came to power in Ethiopian calendar (May 20) with the date of ruling in lunisolar count (May 18). In connection to this add the third dimension of the extraordinary event on August 20<sup>th</sup> 2012. The man at the center of the Regan building drama, Prime Minister Melese Zenawi died. Just days ago his apparent comrade in arms on the seat of Melekezede was also called on the same fate after both ruled for 21 years. The exact count of 21 years signifies the 21<sup>st</sup> degree in binary mode of the ruling of the land since the Covenant of Ethiopia has two wings, which is best demonstrated in the characteristics of the Jethro order of governance passed along

to Moses, and the priesthood of Melchisedec, the eternal priest representing the covenant of Ethiopia, thus chosen to bless Abraham. In both cases we see the two branches of the Ethiopian covenant that are drawn from the hand of God juxtaposed on the same scale, and intertwined in destiny not to be separated. Those who seat in power representing the covenant of Ethiopia should always be mindful of the destiny of the land and hence the unique value of the Ethiopian covenant. The father in law of Moses, Jithro, was expert on public administration, he was also mentioned while worshipping the Lord of Moses. The eternal wholeness in the two wings of the covenant of Ethiopia is also well exhibited in the position of Melchisedec,, who was the eternal priest while ruling the land of SALEM: “For this Melchisedec, king of Salem, priest of the most high God, who met Abraham returning from the slaughter of the kings, and blessed him;” (Heb 7:1-3). The existential nature of the covenant, especially as it relates to its counterpart, the covenant with Israel, was reflected in the relationship that we see established between Melchisedec, and Abraham. That the two people of faith are of two independent blood lines is well argued in the epistle of Paul when he said,

“This man, however, did not trace his descent from Levi, yet he collected a tenth from Abraham and blessed him who had the promises.<sup>7</sup> And without doubt the lesser is blessed by the greater.” (Heb. 7:6-7)

This is a foundational argument about the seniority in the priesthood of the Ethiopian covenant representing the family of the Lord, which is summarized as “Church” in the kingdom of God. The office of Melchisedec is the same office held by Enoch in that both are known for their righteousness. We know that “Melchizedek means “king of righteousness.” We also know that Enoch was kept alive by the Lord for he managed “to walk with God” in righteousness. Enoch and Melchizedek represent the office of righteousness and the fruit that it bears which is eternal “SALEM.” This covenant of righteousness (faith in God) and peace that results from it is marked in the covenant land of Ethiopia marked on Genesis 2:13. This is where we see the origin of SALEME (ሰለሙ) and Selam (ሰላም). Thus, as the covenant of Israel has two wings represented in Moses and Aaron, the Ethiopian covenant has two sides to it (the church and the government) that is combined in one person as the ruling soul on the Ethiopian land. By saying this, we are

arguing that the Ethiopian covenant has never separated the Church from the Government. And the two branches of the Ethiopian covenant cannot be separated if the land has to remain within the compass of the Lord, keeping upto the name of its covenant.

Thus, the practice of governance in Ethiopia during the 42 years that would span from 9/11/1974 to 9/11/2014, was against the covenant of Ethiopia. We are marking the time of 9/11/1974 to refer the last “9/11” mark that began the secularism in the land of Ethiopia while the 9/11/2014 mark refers the last new year celebration before the current prime Minister of Ethiopia winds up his responsibility. In the last two Ethiopian administration we have seen the practice of governance that overrides or even cancels the existence of God and hence the covenant that flows from it. Whereas the period of secularism on the land is metered on the 42<sup>nd</sup> degree, the Lord gave us a clear proof that the two leaders of the Ethiopian covenant at the end of time would be drawn from the same land, ADWA, whose destiny was intertwined forever to show the marking of the time by becoming the symbol of the spirit of the world on the land of the Lord’s covenant. Behind the façade, one knows that ADWA carries a significant mystery in the history of the church symbolizing the eternal contradiction in the nature of Christ. Rome represents the “two nature” argument while the Ethiopian Church propogates the “one-nature” in Christ. The blood in Rome from the war of 1896 has been the mark of the unbridgeable gap that exists between the two church system and hence the spirits that govern the practice of faith in the Church. But nothing was far from the truth, both Rome and Ethiopia has a unique destiny to deliver at the end of time and at the end of judgment, which was actually effected coded “ABBA”-1221, thus becoming the mark for the spiritual axial precession in the 26 degree thus showing the mark that the star of the universe has changed from “Newton”(130) to “ton”(40 degree).

This is the 26000 mark of the spiritual axial precession reflecting the end of time. What does the word “Newton” has to do with “Newtown” and “Newt”? What is the portfolio of these words mean in the spiritual realm? Could there be a spiritual force at work relating these sounds? Did anyone relate why Newton has two birthdays including the day “December 25<sup>th</sup>”, which has been celebrated as the birthday of Christ? Why was this birthday “recanted” by the church recently?

Could it be that the axial precession expected in the Mayan calendar had actually happened but in a different order of awareness? Why did 26 children died in Newtown? What was the symbolism? Let the initiate in science note that Newton’s three laws including the simple equation about force ( $F=ma$ ). Is not violence about sheer force that is not matched by the power of life? Is not gunpowder about force? Then, let us be humble and think why Newton has to claim the birthday of Christ and one more birthday? Who is Christ? Who is god of the world of force? Is Newtonian physics lurking in the head of the average man much more than what reason can subdue? Are we aware that we live in the assembly of the cosmos of thoughts where we have competing gods? Do we realize that Plato is a god in our head? Do we know Einstein is a god in our head? Do we realize that Marx has been a god in our thought systems? The list goes on into the infinite count of the fabric of the human mind, little or big? Our world is full of competitions where the gods are competing for the best place in the human mind to win the “ACADEMY AWARD”, one or many, in the history of mankind. The question is which god is governing our spiritual spaces? Who is our god? It may not be a bad idea to look upto gods, after all our heritage from the Greek civilization is an amazing portfolio of gods. The tradition has continued in our time where every little soul is trying to claim the sacred position in the drama of being “sombobody”. That is not a bad idea on its own measure. It may also be ok to look upto other gods and pursue the right course in our life. The question who do we submit our spirit? To gods of idea, or to the true creator of the Universe if at all we know him? Who is controlling our destiny? That is the real question that is facing the world. A question that each soul has to reckon with. And there is no simple answer to it but for man to reconfigure his true nature as the child of God destined to carry the first rule of life: “that every soul is created in the imagemake man in our image, after our likeness:(Gen.1:26)

But every micro Adam is a prodigal son to God at this juncture in human history. The beast has controlled every soul and the world has lost its spice of life for lack of better word. Death is on the spiritual space and mankind has no clue as to what is transpiring every minute and every second. Thus, man has to be able to ask hard questions read “the spiritual wind” and interpret the signals we are receiving about the destiny of our race. The climate change is more than a human chemistry.

There is a spiritual chemistry at work that no one has control over and man has to delve into his

mission in life and figure out the message behind all these. No amount of debating the power of gunpowder will solve this crisis of the great nation America. It is a spiritual crisis that is plundering the human race. The only sustainable solution is for the average soul to reckon with the power in the wind, sent by the Lord, about this unique time. We are under the span of the “Solomon net”, which is tapped by both the forces of 666 (ጸረወ) and 144 (ኢየሱስ). The best course to discern wisdom and understand all these would be to hold on to the light pole installed in the land of the spiritual Ghion and hence Ethiopia that would reveal the mystery of Adam and the unfolding saga of the salvation plan that involves our time. It is in interpreting the time we live in that we should understand the power of the two covenants of the Ethiopian land, the seat of Jithro (the Bete Mengist =ቤተ መንግሥት) and the seat of Meleksedek (the Bete Khinet - ቤተ ክነት).

These two wings of the Ethiopian covenant characterize the spiritual laws of the Ghion land designed in the name of the Lord YHVH, 26 (Gen. 2:13) referring worship (ሰለመ) and (ሰላም). The Geez qamar of the three Geez words refers (ሰ=7; ለ=2 መ=4, Total = 13). Both Jethro and MelekZedek represent the covenant of Ethiopia representing the law of SALEM (13) while worshipping the Lord. It is the act of faith and the fruit that results from knowing God that is modeled on the land of Ethiopia. Anyone who dares to hold the office pertinent to the Ethiopian covenant thus requires to fulfill one primordial condition, i.e., to worship the Lord God. By doing so, the leader would carry the spirit of peace even when it is war. This implicates that the power of the child of the woman would exercise his vigilance to protect the covenant land allotted to “the woman” (that is the Virgin Mary). We know how Jethro was an authority on governance passing along to Moses on system of the pyramid of governance (Gen. 18:13-23) while worshipping and glorifying the Lord of Abraham, Issac and Jacob (Gen. 18:7-12). MelkeZedek was then drawn in the stature of the “eternal priest” charged with the responsibility to bless the father of the Levites while known to symbolize righteousness as a king of Salem.

It is this duality that cannot be separated in the covenant of the spiritual Ethiopia that has been on the cross road in the last nearly 40 years. But the Lord always made sure that the indivisible nature of the covenant is proven beyond reasonable doubt. Thus, even when the act of

man has defaced the nation of Ethiopia, the covenant behind its formation is always pure and intact. Even when secularism is at its height in today’s Ethiopia, the Lord sent clear message by combining the two covenants even on fleshly ground. In as much as the spirit of secularism and separation of the church and state was established by the last two administration of the land, the Lord made it a universal proof to the intrinsic nature of the covenant of Ethiopia by showing the fleshly unity established in the two leaders, the Patriarch and the Prime Minister, both in terms of their fleshly background and their time of death emphasizing the destiny of Ethiopia that the spirit of the world cannot afford to mess with. Indeed, as the two ADWA souls were called to spiritual order through death, it is established that the Lord had left a clear signal that separation of State and Church in Ethiopia is the antithesis of the covenant of the land. The (2:13) modality in Genesis is the anchoring mode of the covenant. Man worships God proving it by “walking with God”; in return the Lord would establish peace in the soul of the person. Righteousness and “Salem” become inseparable two entities in one, without mixing, to reflect the destiny of the nation. In fact, this is the reason for the Land to be the mark of peace from God, that would be delivered by the King of Kings, the Lord Jesus Christ, who was born of the Virgin in the mystery of Tewahido, a term referring oneness of the man nature and the God nature in Christ without mixing but also inseparable, a composite oneness that only the spiritual eye can discern.

This “TEWAHIDO” is this unity in the two parts of the covenant that is metered in the principle of TaMENE (ተመነ፣ ) which is the eternal marriage of the two foundations of life, worshipping God and deriving eternal peace on earth (ስብሐት ለእግዚአብሔር በሰማያት ወሰላም በምድር ስምረቱ ለሰብእ):

Principle of TAMENE (ተመነ -44<sup>th</sup> degree) = (12 X 12) + (7X 13)

$$= 144 + 91$$

Where the (144) represent faith in the Lord, to be established in Zion, while (91) reflects the ¼ of the 364 day count in a year, which represents the “freedom” (Geez) quarter of the four, that includes the Israel, the Egypt and the Zion quarters. Here we see the two numbers actually representing the principle of two inseparable covenants, represented in the relationship of a man

and a woman where we see the number 144, which is the measure of man (Rev.21:17), is the code of ADAM ( $\text{አ}=40\text{:}$   $\text{ደ}=100\text{:}$   $\text{መ}=4\text{:}$  Total= 144) and the number 91 is the measure of Eve, called Hewan in Geez. ( $\text{ሀ}=1\text{:}$   $\text{ወ}=60\text{:}$   $\text{ኀ}=30$ ,  $\text{ሄዋኀ}= 91$ ).

Let the reader transcend from the physical world deep into the spiritual and ask why the United States has celebrated its 235 years of independence (July 4, 1776 to July 4, 2011) when the 44<sup>th</sup> president is in office. It is the law of the 44<sup>th</sup> degree called the Metonic principle in Astronomy where we see the Qamar of divine consummation of marriage between the bridegroom and the bride. The 44<sup>th</sup> president was on the scene while the land of America hits the 235<sup>th</sup> mark. According to the Metonic principle the Sun, the Earth, and the Moon mirror each other on the same place every 19<sup>th</sup> year. This is where one has to ask serious question. Why were 19 invaders caused the most painful destruction on the land of the United States? Why was the 44<sup>th</sup> president chosen to decide on the fate of the man whose name carries the spirit of “100” in the spirit of CAIN? ) ( $\text{አሰመ}=51 + \text{አሠመ}$  (49)=100. This has all to do with the destiny of AMERICA, coded also in Geez as 100 ( $\text{አ}=40\text{:}$   $\text{መ}=4\text{:}$   $\text{ረ}=6\text{:}$   $\text{ከ}=50\text{:}$  total=100). This is where the final trumpet of judgment day was coded “9-11” interlocking the fate of Ethiopia with the spiritual destiny of America.

The whole “9-11” drama, the 44<sup>th</sup> spiritual degree of the Metonic Cycle, the principle of 19<sup>th</sup>, the we demonstrated above in fact represent the spiritual destiny of the United States as the unique land chosen to set the stage from Mount Sinai while it is inextricably linked with the land chosen to be the Mount Zion, that is Ethiopia. Revealing the Queen of Azeb in the land of AMERICA (100) the Lord is setting the stage to show that in fact the world order has changed to a time when man would be a friend to man, in the spirit of the golden principle, “love thy neighbor as thyself” reversing the age old principle that “man is wolf to man” Homo homini lupus”, a standard set by the power of reason setting man in cut throat competition to be a “god” a thought system that

When the world reckons with the 42<sup>nd</sup> degree ruling of the Queen of Azeb that mixes the destiny of the United States with a land called Ethiopia (in fulfillment of the prophecy of Isaiah 18, Revelation 11, 12, and 13), the world would then realize that in fact the Meton Principle of

the 44<sup>th</sup> degree is being fulfilled with the election of President Barrack Obama. (The word Meton in GEEZ is መ=4፣ ተ=10፣ ኑ=30, Total= 44). As an astronomer would easily know it,

The Meton (44) Principle of the 19<sup>th</sup> degree = (12 X12) + (7 X 13) = 235

As the United States of America completed celebrating the 235 years (1776 -2011) of its independence from British Colonialism and then the spirit of Osamaism at the end of time, we see the spiritual destiny of the nation becoming clear for the world to see in resetting the spiritual realm through the consummation of the two covenants, Israel and Ethiopia. In resolving the spiritual destiny of the United States through the Meton Principle, it is critical to invoke the world of God in Amos 9:7: “Are not you as the children of the Ethiopians unto me, O children of Israel, saith the Lord?” Let the reader note the merging of these two covenants in Number 12:1, 1 King 10:1-10, Acts 8:26-41, and in Matthew 12:42. The four cosmic events form the spiritual compass of the land of Ethiopia revealing the relationship of the two covenants. (Refer the compass on Figure 1) In these four cosmic degree matching of the two covenants we see the relationship of the Lord with the church glorified witnessing beforehand what would happen between the Bridegroom and the Bride in Zion. This is the mystery to be resolved in coming to terms with the Lord’s intent in motioning all souls to the new Jerusalem, Zion.

Yes, the United States is the country that is chosen to reveal the ruling of the queen of Azeb by reckoning with its destiny to be the consummation of the covenant the Lord has with Israel and Ethiopia. The intrinsic message of the code ‘9-11’ is the spiritual destiny of the United States to be glorified by hosting the judgment ruling of the spirit of the queen of Azeb. MARANATHA! In this lies wisdom. Let a living soul hears.

To summarize, we have identified two spiritual equations, which we adopted from the wisdom of the mind tapping them as the reflection of the spiritual realm:

- a) The principle of Mount Sinai: the judgment scale of the Queen of Azeb

**The law of the Solomon Net: [59 X 260] = [42 X 365 ¼].**

b) The principle of Zion: the marriage of the bride groom (144) and the bride (91)

The Meton (44) Principle of the 19<sup>th</sup> degree = (12 X 12) + (7 X 13) = 235

These two laws are placed in perfect order measured in the timing of the father to effect the spiritual axial precession in the 26<sup>th</sup> degree (YHVH) to effect the life of Adam into a new eras of the blessing of 1000 years. But man has to first realize the meaning of “1000 years” promised by the Lord as promised to all children of Adam who would believe in his name:

“And I heard a great voice out of heaven saying, Behold, the tabernacle of God is with men, and he will dwell with them, and they shall be his people, and God himself shall be with them, and be their God.” (Rev.21:3)

However, before we cash in the promise the Lord passed along to those who believe in him, we have to deal with the spirit of 666. We are in a serious predicament due to man’s self will to submit to the spirit of the beast. The spirit has sprawled its tentacles tapping the salvation equation in the spirit of the 59<sup>th</sup> degree through the digital means called (ሰልክ=59), which is part of the qamar of judgment that is also tapped by the spirit of the beast. Whereas the 59<sup>th</sup> degree is fulfilled when the spirit of the world lurks in the life of each soul through the mobile telephone apparatus, it is invading the soul of each human being in the spirit of ‘SAELEKE’(99<sup>th</sup> degree), which is the spirit that has wrongly claimed the throne of God (Isaiah 14). This spirit is defiling the temple of the Lord to this day and it has been judged. The climax of the judgment was when the spirit was bounded for 1000 years after it was allowed to govern for 42 months in three dimensions. (9/11/01 – 5/2/2011).

But this time frame is an American experience of tragedy and triumph. The nation of America is poised to help the world reveal this mystery since this land of opportunity is marked with the 100<sup>th</sup> degree, to match with the word of the Lord spoken in ARAMIC (100). The revelation will lead the establishment of the law of 100, which means the sacrifice to the Lord in the spirit of ALEBO (being poor in spirit) where the law of the light would be written in the proportion of (49-ABBA:51-ALEBO).

The Law of AMERICA (100) = ABBA + ALEBO = 49 + 51

This is the kind of sacrifice that the Lord is pleased with when he receive the sacrifice of Abel and rejected that of Cain.

#### H. The schedule of Judgment of Queen Azeb

Let the world reckon with the spirit of Azeb that is motioning the universe as is clearly seen across the face of the world ranging from the collapse of the civilization of the mind (the symbolism of Greek seeking help on the world stage) to the “ARAB spring”. While we pay attention to the spiritual value of the time, let us reckon with the summary schedule of the spirit behind the wind of Azeb in judging the world:

Table 4 - Schedule of the Spirit of Judgment in the spiritual history of ADAM

42 <sup>nd</sup> degree	Judgment on	Reason for Judgment
October 1923 – October 1966 (Ethiopian Calendar):	Judgement on the seat of David, the land of Ethiopia, and the seat of MelekZedek – the spirit behind the King of Kings Hailesellassie I who came to power tapping the name “Lion of Judah” was called to the Court.	The Lord worked for his name
September 11, 2001 – May 2, 2011: The Law of “ቤ” (14) 14X3=42	The house of Abraham was put on judgment day. The fate of Adam was sealed with life.	The pyramid of time was put in place to measure the 42 <sup>nd</sup> degree to integrate the soul of Abraham
May 20, 1982 E.C – May 18, 2012 42 <sup>nd</sup> degree to judge the spirit of bread	Judgment on the spirit of the world that has traumatized the soul of Ethiopia.	The binary law of the flesh was judged on the 42 <sup>nd</sup> degree to purify the house of Jethro and the eternal priest MelekeZedek
May 18, 2012 – June 29, 2012 42 <sup>nd</sup> degree to introduce the Queen of Azeb	The Spirit of Azeb was called to order. Well that is why Apostle Paul told us, **“For yourselves know perfectly that the day of the Lord so cometh as a thief in the night.” (1 Thes. 5:2).** We have been well underway with the schedule of Judgment day for quite some time. We just have to reckon with it and cleanse ourselves to be the spiritual TABOT (Ark of the Covenant) to know what it means the 1000 year

life with the Lord. Let one know a simple fact about the “1000” mark. It is not a physical count of 1000 in planetary count. No, the law of 1000 year is the law of spiritual energy where the word of God (Yod=10) is manifesting in the soul of Adam when the Tabernacle of the Lord is with people, where the three dimensional presence in one is the fulfilment of the promise, (Rev 21). The law of spiritual energy as three dimensional presence of the word (10)<sup>3</sup> represents the fulfillment of eternal life. Let the reader note that in the background of the spiritual formulation its manifested form in the form of physical energy formula articulated by the famous world scientist Albert Einstein ( $E=mc^2$ ) (See Appendix #2 for the summary of the configuration of the energy form in the four corners of the cosmos.

The immediate danger is that the residual of the beast is still potent, thus making every soul fall under the spell of the next Judgment case every hour until the compass of Judgment day clears the spirit that defiles the throne of God. The schedule is in the hands of the Father. All of us are prone to judgment and no one is free from the Solomon Net (መርብብተ ሰሎሞን). Let every soul contemplate the Solomon Net as a spiritual compass that tracks the spiritual realm holding all souls within its grip like the WWW is the ocean of internet protocol of addresses of all “warehouses” of information from which your browser extracts the necessary piece of information that is googled. The “Chief Executive Officer” is the one who promised his coming to judge the world who has also been executing the will of the father without exception and in perfect order of cosmic time, soul time, and flesh time. (Matthew 25:31-46) Even now no one knows the next work of judgment excepting the Father who would give power to the son in fulfillment of the promise in Philippians 2:9:

Therefore God also has highly exalted Him and given Him the name which is above every name,<sup>10</sup> that at the name of Jesus every knee should bow, of those in heaven, and of those on earth, and of those under the earth,<sup>11</sup> and *that* every tongue should confess that Jesus Christ *is* Lord, to the glory of God the Father.:

The only choice to zoom out of the spiritual crisis that plagues our world would be when we fully comply with the Lord’s demand that we become his living TABOTs (ታቦት), the indwelling place for the name of the Lord as Axum Zion is the seat of the spiritual TABOT

(ታቦት). The fate of the Ark of the Covenant, TABOT, merges the destiny of Israel with that of Ethiopia through spiritual marriage bearing fruit in the realization of the destiny of AMERICA, as a fulfillment of the consummation of the marriage exhibited in the end of the world scenario with the design of the METON principle that signifies the law of Prayer (144) with the law of Peace, which has to do with the code “13”, a spiritual value that takes spiritual meaning when the Lord changed the name of SARA (ሰ=7፣ ረ=6፣ 13). Thus, the land of the “13 Colonies” has become the land of “50 states” at the end of time signifying the law of Pentecost on the 50<sup>th</sup> day. The spiritual fate of Ethiopia as the land of 13 (Gen. 2:13) being called the “13 Months of Sunshine” was juxtaposed with the destiny of the USA that was marked by the mystery of the qamar “13”. On that fateful day on May 18, the power of the spirit of the Lord was revealed judging the spirit of “ሰላም ነው?” that questions the spirit of “Peace” in the land of the Lord God. The spiritual power that descended on that day was in the spirit of Pentecost (50) to nullify the security of Bread as the tower of BABEL (20). So it was written as the law of 1000 to rule a unique time in the history of man showing the way to the “1000” years during which “the tabernacle of the Lord would live with the people.” (Rev.21). But for this to happen the world has to awake from the slumber to realize what is at stake. Two lions are at war: the spirit of the Lord in Rev. 5:5 and the spirit of the roaring lion meditated on by Peter (1 Peter 2:8). Which soul is the soul hosting 144 or 666? The son of God, Jesus, or the Antichrist, the beast?

In this effort to come to terms with the schedule of Judgment day and to unveil the mystery behind all these, Ethiopia would be called to duty with its GEEZ resources to help the world deal with the interpretation of the mystery behind the statuesque. Indeed, spiritual Geez is the master key to unlock the mystery of judgment day. (See the Geez template in the Appendix t that we are tapping to compute spiritual indices for our purpose in this writing).

G. Back to May 18 in Regan Building

On that fateful day, May 18, 2012, the spirit of judgment has descended in the Regan Building to visit the tower of “Food Secuirty”, the modern BABEL, in spiritual terms. The father passed along judgment on the spirit of the world and hence the construct of the “food security” tower defending the spirit of Ethiopia, the land of spiritual bread, through the spirit of GEEZ (freedom). Judgment was called with the reenactment of the spirit of (David and Goliath) as worked on the forum of the G-20 meeting, where world leaders of the most powerful nations came to display their effort to solve world problems. The meeting included four African nations including Ethiopia and Ghana.

Let one take note that the word “Ghanna” rhymes with “Genna” (ገና) of the Ethiopian lexicon, which refers to Christmas. Let one also ponder the fact that the destiny of Hailesellassie the I as the father of the nation was contested by one Pan Africanist leader of the West African wing. His name of Kwam Nukrumah. The honorable Melesse Zenawi was “blamed” by Ethiopians for not fighting hard to make sure that the legacy of the Ethiopian King was kept in proper order in the African Union new building. But then again the building was the gift of the land of the Dragon, China. Something was “fishy” when one thinks about it. But Einstein was right on the ball when he said “God does not play dice with the universe.” Somehow the destiny of the Ghanna and Ethiopia have been interlocking at African Union while the fate of the two leaders was destined to wrap up in the same frame when it comes to the setting of the Sun? What cosmic principle is at work here? Why did Prime Minister Melese let go the destiny of the man who has the mighty power in the name of the “Lion of Judah”? The grace of the Lord was with the majesty; though the destiny of the soul of Teferi was to vindicate the proper handling of the name of God. Irrespective of what has gone awry in the process of “holding high the name of the Lord, it is undeniable fact that if there is any one person who worked as hard to the freedom of Africans, it was his majesty Hailesellassie I. He represented the name of God; the honorable Nukremah represented the godless principle of socialism. In all fairness, the honor at African Union belongs to his majesty. Unfortunately, the honorable Melesse Zenawi did not represent the

interest of Ethiopia in the African Union. But then again the comraderiship in Socialism dictates that the spiritual soul of Melesse drifts more to the soul of Nukeremah who also propogated the principle of Marx and Lenin than towards his majesty Haile Selassie I. The Ethiopian interest has succumbed to the principle of “Lenin”. But if the prime Minister of Ethiopia could not represent Ethiopia, God will be a witness to the land of Geez since “Ethiopia stretches its hand to God” in eternal order with no one to contest her role in the design of creation and the spiritual destiny of Adam. No one should mess with Ethiopia and its destiny without being ready to bear the consequence that the executive act that the power of the Ark of the Covenant would manifest by the 29<sup>th</sup> degree (Tabot of Zion) . The gift from the Dragon land is fine but it should have been the statue of His majesty HaileSELLASSIE I to represent the destiny of Africa. His highness represented the spiritual destiny of Ethiopia, which should stand tall in Addis not because the building is in Addis Abeba, but because Ethiopia with the leadership of his Majesty HaileSelassie the I. Well, the contest between Nukremah and HaileSELLASSIE was just a mere symbolic manifeation of what has transpired in the spiritual realm between thee power of Michael and the power of the Dragon.

“And there was war in heaven: Michael and his angels fought against the dragon; and the dragon fought and his angels,<sup>8</sup> And prevailed not; neither was their place found any more in heaven.<sup>9</sup> And the great dragon was cast out, that old serpent, called the Devil, and Satan, which deceiveth the whole world: he was cast out into the earth, and his angels were cast out with him.” (Rev. 12:7-9)

While the fight between Michael and the Dragon was completed with triumph of the forces of light, the verdict of the Lord was being heard loud and clear that in fact the destiny of Ghana and Ethiopia was tapped to show the generation that seeks symbol (Mat. 12:42) that the decision against HaileSELLASSIE I was a decision against the name of God. Why? The decision favored Kwame Nukremah pivoted by the willingness to let the decision tilt to a friend in arm of the socialist brand while sinking the mission and eternal destiny of Ethiopia in broad daylight. This was a highway robbery for anyone to see. But the fight between the lion that roars on the Ethiopian destiny desingen in the 44<sup>th</sup> degree of the spirit of the Dragon with head of (- 144 -ኃላዊ መሢሕ)- working as the representative of and tail of 13 was meant to be meant by the 44<sup>th</sup> degree of Michael with the same measure of 144 coded after the “Lion of Judah” (144). It was this fight

between the spirit of the Dragon and the spirit of the “Lion of Judah” that was brought into the cosmic finale when an Ethiopian soul ordered in the 29<sup>th</sup> degree shouted: “Geez/Geez/Geez” (freedom, freedom, freedom)..... This was the drama that unfolded in Regan building while two Ethiopians were taking the center stage in the building of the 50<sup>th</sup> degree (Food Security – Babylon) that was brought down by the pebble of 20 (Babel).

The meeting was called by the 44<sup>th</sup> president of United States, President Barrack Obama. But the word “20” in spiritual parlance refers the power of the spirit that manifested in destroying Babylon as well as in giving power to the apostles in Jerusalem. The Geez qamar value of the sound of “BABEL” in Latin, the word BABEL amounts to “20” ( $\text{B}=9$ ;  $\text{A}=9$ ;  $\text{L}=2$ ; Total = 20). The power of the Lord that descended to deconstruct BABEL in Genesis 11 is the same spirit that visited the apostles as stated in the book of Acts (1:8). Let the reader also note that the Amharic word “BABYLON” is valued 50. ( $\text{B}=9$ ;  $\text{A}=9$ ;  $\text{L}=2$ ;  $\text{Y}=30$ , total=50). Here the word power is referred by the Geez qamar of ኀ፤ to declare the power of “ሀሎ ዘይሄሎ” who would give his son to be the king ( $\text{ሐ}=3$ ) of the Kingdom of God that would be instituted in replenishing Adam to his former glory. Thus, the power that descended in judgment day was asserting to declare the power of spiritual freedom (GEEZ) in the spirit of “ሀ=ሐ=ኀ” (1-3-20). As prophesized by the prophet Zephaniah: “For then will I turn to the people a pure language, that they may all call upon the name of the LORD, to serve him with one consent.”<sup>10</sup> From beyond the rivers of Ethiopia my suppliants, even the daughter of my dispersed, shall bring mine offering.” (Zephaniah 3:9-10). Yes the Lord was establishing the GEEZ language as the primordial resource to reintegrate the divided heart of Adam.

The spiritual message on May 18, 2012 was crystal clear: Man cannot feed man. The spirit of the world that glorified “bread” was dethroned. It was a testament to the word of God:

“For the bread of God is he which cometh down from heaven, and giveth life unto the world.”<sup>34</sup> Then said they unto him, Lord, evermore give us this bread.<sup>35</sup> And Jesus said unto them, I am the bread of life: he that cometh to me shall never hunger; and he that believeth on me shall never thirst.” (John 8:33-35).

The Lord feeds man with sufficiency through his name. And the spirit of Marx espoused by the honorable Meles Zenawi titled “Lenin” would not thrive in the land of God. That was the ruling given by the Lord. It is time to reckon with the real power who is in charge of the affairs of the world through the SHEMA (11) in the four corners, 44<sup>th</sup> degree. The time is here for the name of the Lord to be glorified in the four directions. And Ethiopia is destined with all its spiritual resources to lead the way towards the total freedom of Adam. This is not a matter of negotiation or worldly affairs to be decided in a conference. Rather it is a spiritual destiny set in the 44<sup>th</sup> degree of the fulfillment of Zion. America is destined to be the Mount Zion in the 19<sup>th</sup> degree marked with the fulfillment of the Metonic design in its history, while fulfilling the promise of Abraham through the election of the 44<sup>th</sup> president, who is no purely Ishmaelite or purely Israelite. In the spiritual realm, President Obama is the integrated soul of Abraham of Ur and Ab Lincoln, the 16<sup>th</sup> president who could rightly be considered as the father of the spiritual destiny of America dying for the cause of keeping the Union by abolishing slavery. He is the brand that Abraham Lincoln visioned to heal the wound of the nation and build a perfect union. The 44<sup>th</sup> degree was not black, he was not purely black. He was just the reflection of the dexterious work of the Lord (called “ኬዖ”) in Geez. Let the reader note the physical relevance of the land of Kenya with Ethiopia. As Joshua was at the foot of Sinai, while Moses was talking with God, the 44<sup>th</sup> president on the land of America (100) was destined to be just the representative of the world government seating on the stage while the true deliverer is coming proclaiming the 44<sup>th</sup> degree in the salvation of Ethiopia. As the deliverer is working at the Mount of spiritual Ethiopia, the 44<sup>th</sup> degree president destined to be on the seat of George Washington was elected from the foot of Ethiopia (a reference to the spiritual Kenya) becoming the precursor for the fulfillment of the promise of God: “the tabernacle of God will be with people.”(Rev.20) The remaining part of this spiritual drama that interlocks the fate of Ethiopia and America and hence the destiny of mankind is the orderly revelation of the new kingdom of God where all people will enjoy the serenity and peace without the pain of the world. The problem is even after all the pains we endured, we are not ready to accept the new spiritual order that is hovering on our head. Why? The answer is simple. We have all succumbed to the power of the spirit of the world that has epitomized and perfected its work through the gadget of the SELEK (59<sup>th</sup> degree)

Until all of us the children of Adam come to terms with the spirit of “Judgment day” that spans two days in the eye of God (1000 years in each day), and 2000 years in solar time we remain “screwed up” since the beast that has managed to lurk into our heart, soul and mind remain at large everywhere. The 59<sup>th</sup> degree ruling of the spirit of the devil should be challenged to shorten the manifestation of the 42<sup>nd</sup> day ruling of the beast as stated in Revelation 13:5. No dexterity of the mind, no sophistry in rhetoric, no “Black Scholes Model” nor CAPM mode of thought in Wall Street, no debating of Nuclear War treaty would solve the issue of bread or our inner crisis. The law of energy explains all; but energy is more than physics. The spiritual energy that we are referring here is the unfathomable energy force of Alpha and Omega, the Lord Jesus Christ.

The eternal enduring force is the energy of the spirit that would transform the universe. The world is more than Black holes and faith in God is not “delusion.” As the psalmist said, “The fool<sup>[a]</sup> says in his heart, “There is no God.” (Psalm 14:1). The best course of action is to know that the law of physical energy ( $E = mc^2$ ) is but a droplet in the design of the spiritual energy of the Spirit that spins the world. Thus, let a humble soul work for its own sake. The beast is out of control. The law of judgment day in the eternal order would continue and tracking every soul through the spirit of Water (MAYA) and Blood (Mat. 1) coded:  $[59 \times 260 = 42 \times 365 \frac{1}{4}]$ . What exacerbates our problem is that in as much this formulation is the measure of the Lord (to effect the Midiam Principle in each soul) to save all who believe in his name (Joel 2:32), the false spirits in the world led by the Anti-Christ are equally tapping the same code to manifest in varying forms.

The 42<sup>nd</sup> degree ruling of the spirit is still at large with defiance claiming the life of anyone that is resisting surrender. Let us come together to please the Lord and save ourselves in his name. Let us understand our time: we are being judged. The spirit of the Lord in the 144000 is the best option for all who choose to be the living soul. The remnant of the spirit of 666 is also at work with vengeance. Our everyday action in life can easily carry the spirit of life or death. The choice is for ours to take. May the spirit of the Lord protect us from the beast.

3. Let the scientific community ponder on the possibility of life beyond the physical realm. Here is a proposal on the configuration of Energy in heaven as in earth.

TABLE 7 – THE CONFIGURATION OF ENERGY

Level of Awareness	Mass	Conversion factor	Formulation of Energy	Formulation
Physical Energy	Mass of matter	Speed of light $(c)^2$	$E = mc^2$	Energy from matter as espoused by the relativity theory of Einstein
Eternity or Time	Mass of time	Speed of time light $(l_t)^2$	$E_t = M_t (l_t)^2$	Energy in time (called Now or “in the here and now” as a function of one new day)
Wisdom or Truth	Mass of thought	Speed of wisdom light $(l_w)$	$E_w = M_t (l_w)^2$	Wisdom energy as a function of the spirit of wisdom
Eternal Life	Mass of faith	Speed of spiritual light $(L)^2$	$EL_s = M_f (L)^2$	Spiritual Energy that sustains living souls as a function of love

4. If the mind of modern man is proficient in modern IT parlance through the protocol of WWW that would make it easier to see through the real world, here is a proposal to serf into the spiritual realm:

CCC. ABBA@ Jesuschrist.Holyspirit.

If one dares to know how to connect into the CCC, let him first lose the world. In doing so, imagine how you connect with everyone through WWW and do the same but tapping your spiritual power to connect with all children of Adam. The essential condition to understand this is to first lose one's heart to the world and resurrect in spirit to see the mission of one's life as a prototype Adam soul. This is not any complicated matter. It is having faith in God. To have faith is to know that you are not your creator and the Lord is in charge of the universe you live in including the air you breath. You do not have to crack the mystery of the universe with complicated astrophysics formulat to trust God and develop an awareness of a living soul. Just worship God, trust him for your life, and serve him by loving your neighbor. That is where faith is wrapped. When you worship God praising his name, when you pass along authority in your life to him saying “thy will be done,” when you stay in hope saying “God knows all” then the rhythm of your life is one of the life of a living soul in the bossom of God. The simple word of God is instructive to know what knowing God means: “Be still and know that I am God.” (Psalm 46:10). The modem is worshipping the Lord, the password is loving your neighbor as thyself. Pure and simple. Well, hard to do in real life? That is true.... That is why we are in the absolute mess we are in. But try hard and the desert will eventually change into the

oasis of life. Frist give up the world and go back to your root, that is your creator the Lord God. When you go back to your root, the simple definition of life is praising the Lord at all times (this is the pure light of the purpose of life. You cannot see this light, it is invisible and beyond you. The proof you have for seeing this light in spirit is that you love your neighbor, who is the closes agent for you in the likeness of God (Gen. 1:26-27). He told you in person when he walked on earth (Matt. 22:37-40). He came and scribbled it on his blood because he loves you. (John 3:16). To say more is to repeat.

5. Does technology fascinate you? That is great and all of are. Who is not? But pose back and think. Do not be too overwhelmed thinking that the design of nature is any less. You are better than the machine you or your fellow brother/sister invented. See through the design of the computer. The way the mind works is copycatted in the work of the computer. The mind of man is original living computer” from which the modern man sliced an idea to design the gadget. The difference between the modern gadget and your mind is that the gadget is lifeless without you, but you can be a living being who can tap the power of your mind to serve you in your act to worship God thus attaining the holy grail of living with the creator of all things. If you think the software design is the best ever man has dreamt, think again, go back to Matthew 5:37, the index of “0” and “1” has never been a man’s invention. It is the way of the creative act of the Lord as the algorithm of spiritual truth. Actually, the covenant of creation is written in the format of 1 and 0. Well, I also saw the two mountains of

Mount Sinai and Mount Tabor as given on the diagram below through the binary parlance given below:

Diagram 1

In this two pyramids is given the eternal design of the presence of the Lord and the work of his hands. It is through the mystery of this pyramid that the Lord showed this poor soul to delve into the amazing journey of self awareness which is nerveracking but more amazingly dumbfounding. Just be simple, humble, and loving to all works of God. You will see the same truth as anyone can see. Every soul has equal place in the eye of God. As the Lord says there is enough spaces in

the mansion of God. Enough for all without lacking such that the soul has no problem singing,

“The Lord is my shepherd, I shall not want.”

6. In Greek philosophy we learned that Socrates said, “I *know* one thing: that I *know nothing*” (Ancient Greek: ἔν οἶδα ὅτι οὐδὲν οἶδα hèn oída hótí oudèn oída.” [n.wikipedia.org/](http://n.wikipedia.org/) His humble statement remains the creed to follow in pursuing truth even in the spiritual realm. Humility is to be poor in spirit because “Blessed are the poor in spirit: for theirs is the kingdom of heaven.”(Mat. 5:3). The humility of Socrates in the world of seeking idea in the universe of Sophia, is paralled by the state of being “poor in spirit” in the spiritual realm. The difference between the two approach is that Socrates humbled himself to say that “I know nothing”. The spiritually “poor in spirit” would have a complete wisdom when it utters the ultimate confession: “I believe that you are the son of God.” (Acts:8:26-41), which is framed by the spiritual prism of awareness founded on the rock when Peter confessed with total spiritual awareness: “Thou art the Christ, the Son of the living God.” When one can say this it is because he is wired into the law of 1000, which is a state of presence in the spiritual realm sipping the living water(Rev. 22:1-5). But the Lord amazes you when he make it so simple that in fact this is the law of spiritual energy where you can reduce the spiritual index of 1000 as the forumulation of the law of trinity where,

$$\text{Spiritual Energy} = (10) (10) (10) = (10) (10)^2$$

If you are a scientist you should read something into this: the famous formula  $E=mc^2$ . Nothing is far from the truth. This is that formula that spellbouded the scientific community and the world at large, that eventually lurked behind the “Manahattan Project” and hence at Hiroshima and Nagsaki. Well, it is a simple extension of  $(F=ma)$  except that Einstein changed  $(a)$  into  $(c^2)$ . Einstein changed a static equation into a dynamic equation that simple makes light fluid enough at the highest order where the motion of light is constant. A mystic would call it a state of presence. This state of presence is an intellectual representation of the word of God in its dimenstion as succicently captured by John when he said:

“In the beginning was the Word, and the Word was with God, and the Word was God.

The same was in the beginning with God.<sup>3</sup> All things were made by him; and without him was not any thing made that was made.<sup>4</sup> In him was life; and the life was the light of men.” (John 1:1-4)

Here you see the word represented by the Hebrew Yod (10) or the Geez “ተ” (10). Take Yod in three directions as the pyramid of life and you would find the secret of 1000. That is the secret of 1000 in the spiritual arena. Thus, a soul who is residing with God for 1000 years is one who become the spiritual ark as the indwelling place of the word of God. This is defined by the law of energy mimicking the energy formulation for the physical arena as defined by Albert Einstein. The spiritual formulation would simply look as

$$EL_s = M_f (L)^2 = 10 \times (10)^2 = (\text{word}) (\text{word})^2$$

It is the principle of One God, called “the mystery of trinity” in three dimensions spells the spiritual logic of 1000. Well, a soul that hosts the spirit of God is the spiritual ark for the name of God. Thus, every soul has a three dimensional soul that hosts the spirit of the Lord. When the soul is in perfect accord with God we have an equilateral triangle in the spiritual space. Whereas the perfect spiritual equilateral triangle is a Zion equation, the average Adam soul has a spiritual “pythagorean” triangle desiring of life. If the sides are not equal, it is a reflection of the attachment of his soul to the world.

But a soul would relate the visible and the invisible only when he abides in the Lord. If you think the thought of God is delusional, there is no way to even think that God is there. If you allow him feed you wisdom you would see that the logic of the spiritual index of “1000” is the true background for the simple and perfect formulation of Einstein. Actually, the difference between Newton and Einstein is that Newton represents the “two-nature” argument of the Church for Christ, while Einstein represent the one nature thesis of the Ethiopia Orthodox Tewhaido Church. The Einstein formulation captures the essence of one in three. The Spiritual Energy we contemplate in the mystery of 1000 is what we call the “Meleket” (Divine power). The three person representation as defined in John 1 -14 is what is spelled in the formulation of the law of 1000.

But all these would not be necessary if the world was not preferring the spiritual law and attitude of Thomas:

“Now Thomas, called the Twin, one of the twelve, was not with them when Jesus came. The other disciples therefore said to him, “We have seen the Lord.” So he said to them,

“Unless I see in His hands the print of the nails, and put my finger into the print of the nails, and put my hand into His side, I will not believe.”<sup>26</sup> And after eight days His disciples were again inside, and Thomas with them. Jesus came, the doors being shut, and stood in the midst, and said, “Peace to you!”<sup>27</sup> Then He said to Thomas, “Reach your finger here, and look at My hands; and reach your hand *here*, and put *it* into My side. Do not be unbelieving, but believing.”<sup>28</sup> And Thomas answered and said to Him, “My Lord and my God!”<sup>29</sup> Jesus said to him, “Thomas,<sup>[d]</sup> because you have seen Me, you have believed. Blessed *are* those who have not seen and *yet* have believed.”

Our generation is a Thomas generation that seeks sign to believe. That is why the the Queen of Azeb is marching on the arena of justice to rule over the generation that seeks the sign of Jonas. Here we are matching the law of 1000 with Einstien’s relativity design to show the perfect tandem between the spiritual and the physical. The only thing needed to know this is to abide in Christ and see the wisdom stated by Paul when he said:

For the wrath of God is revealed from heaven against all ungodliness and unrighteousness of men, who suppress the truth in unrighteousness,<sup>19</sup> because what may be known of God is manifest in them, for God has shown *it* to them.<sup>20</sup> For since the creation of the world His invisible *attributes* are clearly seen, being understood by the things that are made, *even* His eternal power and Godhead, so that they are without excuse,<sup>21</sup> because, although they knew God, they did not glorify *Him* as God, nor were thankful, but became futile in their thoughts, and their foolish hearts were darkened.<sup>22</sup> Professing to be wise, they became fools,<sup>23</sup> and changed the glory of the incorruptible God into an image made like corruptible man—and birds and four-footed animals and creeping things.

Yes, the generation that seeks proof for the presence of God is our generation and all the world is full of it. Even the elegance in the formulation of Einstein is just the shadow of the real energy force where we contemplate in spirit in our prayer without any human chance to know its limit or what exactly it is. But the proof is there for anyone to look deep that the visible is from the invisible. Hegel was just duped. He was just flat wrong.

By the way why is the name “Hagel” in trouble in the debate of the congress? Why is Hagel hugging about Israel? Well let us think deep. Who knows the spiritual Israel and His power?

7. The power of the cross is the ultimate power to overcome the world and see the spiritual Cannan. Nothing is more powerful than the spiritual GPS. If you trust your GPS when you drive to New York from Alabma, how more would you trust the Lord in your marathon of life? Here is what the cross is if you are willing to understand what I mean.

Refer the diagram (2) on next page. As we do make cross as a sign of our faith, we are in fact spiritually praying the Lord prayer, motioning through the four corners of the compass indicating that we reckon with the heavenly Father from whose throne the Son of God descended. We reflect this coming of the deliverer by motioning our hand from our forehead to our chest (pointed as (V) to reflect downward vertical motion in the diagram above). At the same time we show the sacrifice he made to save us from the grip of evil from left to right, as indicated by (H) to show horizontal motion in the diagram, where he moved us from the the sinful life we are trapped to the heavens where we live with the Lord in eternal mode escaping the jaw of death.

DIAGARM 3:

As we can see above, the name of God is embedded in the cross sign that we tap as the basis of our faith. By motioning from up to down and from left to right we are covering the heavens and the earth. In the name of God is life and it is this currency of life that is dispensed when the cross is applied to dispel evil and to bless souls. As apostle Paul teaches us, “For the preaching of the cross is to them that perish foolishness; but unto us which are saved it is the power of God.” (1 Corin. 1:18) As we do the sign of cross, which is called “ማማተብ” in Amharic, we call God’s name saying “In the Name of the Father, the Son and of the Holy Spirit, one God” (በስም አብ፣ ወወልድ፣ ወመንፈስ ቅዱስ፣ አንድ አምላክ) to glorify and the name of of God while ascertaining our allegiance with him and hence reckoning with his presence in what we do. The making of the cross sign is impregnated with intrinsic meaning signifying the act of salvation that involved the coming of the word of God from heaven to earth and the ultimate sacrifice he paid to move us from hell to Heaven (the motion from left to right), which is all the manifestation of the eternal plan of salvation. In the name of Jesus is contained everything in heaven and earth. The synthesis of the Lord’s Prayer is the name of God, Jesus Christ. The cross we celebrate as the symbol of salvation is powered with blood of Christ and hence the name of God. In short, the name of the Lord Jesus Christ is the source of eternal life. Nothing is more important than the name of God; it is the engine of life and life itself, it is not without reason that creation in totality bows down to the one name honored by the Father, the name of the Lord Jesus Christ.(Philip. 2:9-11).

#### 8. Why we pray through the corss –

The Name of God as the source of Power of the Cross

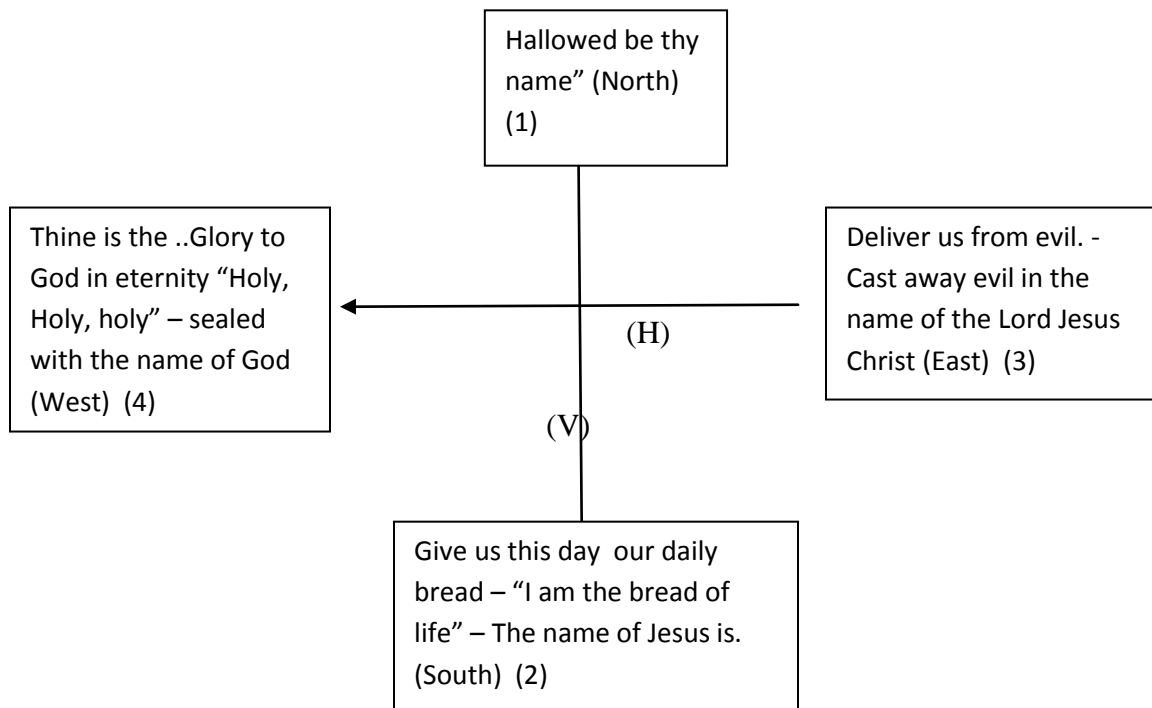

Consider the zenith point of the four stanzas in the Lord’s Prayer. At the end of each season we find,

- i). Hallow is thy name (Name of God, the Lord Jesus Christ)
- ii). Give us our daily Bread (eternal bread of life through the name of the Lord)
- iii). Deliver us from Evil (Cast away devil in the name of the Lord Jesus Christ)

iv.) Thine is Glory (Example is the glory the eternal soul give for God in eternity as indicated by the 144,000 on whose forehead is sealed the name of the Father - the Lord who is Alpha and Omega -)

The intrinsic relationship we see among these reveal to us the secret behind the power in the Holy Cross, which is tapped as the symbol of faith in the name of the Lord Jesus Christ. The name of God that we hallowed in the Heavens is what we receive as the engine of life on earth – bread of life. It is through his name (crystallized by the ultimate sacrifice he paid on the cross) that the Lord pulls us out from hell and setting us up in the heavens as living souls to dwell with Him and glorify God in his kingdom.

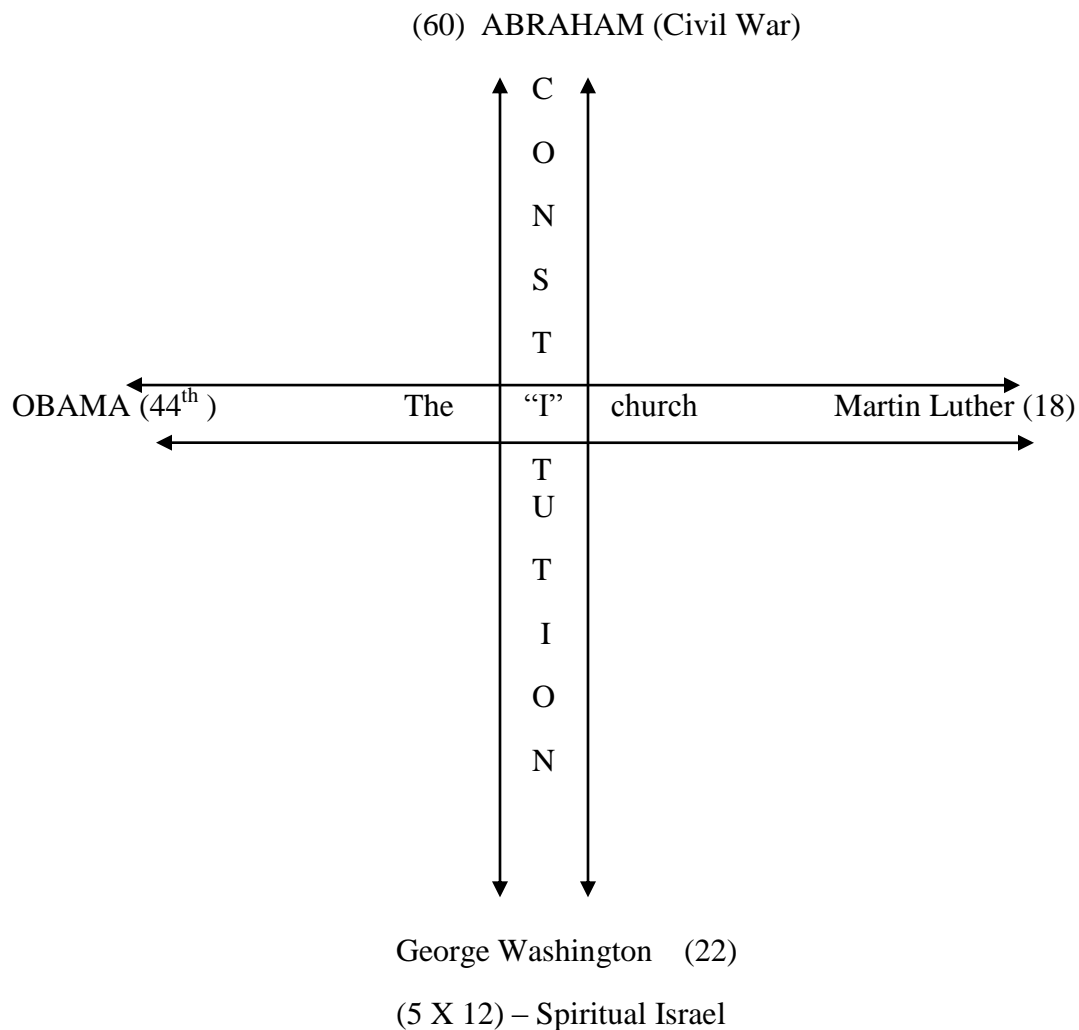

Diagram 3- The name of the Lord as the foundation for the structure of the Cross

9. Refer Diagram 4. If you want to understand the spiritual destiny of the United States, contemplate on the specific fate of the land through the prism of the spiritual cross we laid out earlier. Here is the destiny of the USA spelled out in its spiritual Metonic

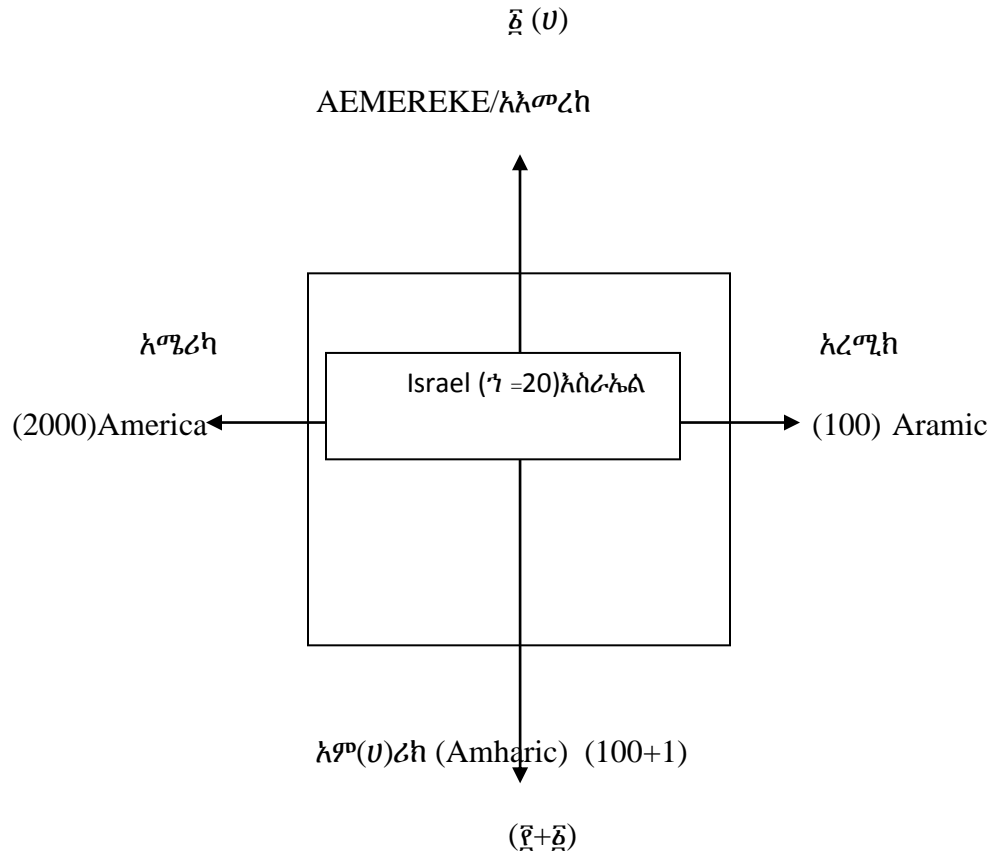

cycle of 44<sup>th</sup> degree that spans between 1976 and 2011. Nothing is an accident in the work of God. The spiritual USA has a mission that lies ahead in the spirit of “building a more perfect union” but at a spiritual level.

Diagram 4 – The spiritual compass of the destiny of the USA

10. The destiny of the USA at the end of time is spelled out on the following compass:

The Map of the Motion of the Word – “AEMEREKE” (AMERICA)

The Divine manifestation of Cosmic Consciousness in Christ (CCC)

$$[(260) * (59) = 42 \times (365 \frac{1}{4})]$$

This is the mystery to be revealed by the spiritual Ethiopia to all the world in partnership with the destiny of the USA. The spiritual destiny of the USA is interlocked inseparably with the divine fate of Ethiopia. Ethiopia will take the lead in revealing this mystery to the world tapping its spiritual arm as, Matthew Henry would like to call her “the Lord’s prayer house.”
